SCIENCE EXPLORERS®

After-School SCIENCE CLUBS

610-816-5047 * ScienceExplorers.com

Our Lady of Mount Carmel School

Wednesday Afternoons - 3:30-4:30 - Grades K-5

Pick-up Location: Car Loop

2025-26 School Year:

Grossology Lab

Not Available.

Freaky Physics

October 29, November 5, 12, 19

Slime Squad (3-session club)

December 10, 17, January 7

Hocus Pocus

January 21, 28, February 4, 11

Art With a Twist

February 25, March 4, 11, 18

Science Mash-Up

Not Available

Secret Agent Academy

Not Available

Club Tuition per Topic: $115

3-Week Slime Squad tuition: $99

There is an additional fee of $10 if you register on or after start date.

Many schools do not allow registrations on the same day that a club starts so please register early.

Multi-Club Discount: (Clubs must be in one order)

Register for 3 or 4 clubs: 5% off the total.

Register for 5 or 6 clubs: 10% off the total.

Register for 7 or more clubs: 15% off the total.

USE CODE: **SCIENCE25**

Important Information:

Please Register Early: A minimum number of participants is needed one week prior to the start date in order to run a club. Class size is also limited and many clubs fill quickly. Registrations will only be confirmed via email. There will be a $15 processing fee for all refunds given prior to the club start date. Refunds are not permitted once a session has begun. We are unable to pro-rate for any reason including registering after the start date.

Late Fee Policy: Parent is responsible for child's attendance and prompt pick-up. Late pick-ups are subject to additional fees of $5 at 10 min. late and $1 per min. after.

Cancellations: In the event of inclement weather or other emergencies, Science Explorers will follow your school's dismissal procedure. If a class is cancelled due to weather or other circumstances beyond our control, Science Explorers is unable to provide a refund; however we will make every effort to reschedule, add an extended session or offer a virtual option if possible. We are unable to issue a refund if your child cannot attend a make-up date.

Want to get in on the fun? Many clubs use parent helpers to assist each week in exchange for FREE club tuition. If you are interested and have all of the background checks required by your school, please email us at : parenthelper@scienceexplorers.com (Please make sure you are available to help for each of the dates in any given club topic. Thank you!)

By registering your child you grant permission and release Science Explorers and its affiliates from any and all liability relating to or arising from Science Explorers after-school club program.

After-School Science Clubs

SCIENCE EXPLORERS®

Grossology Lab

Ever wondered if mucus is secretly part of your daily diet? Do you know where in your body you're making a cement-like substance? What happens to your cells when you sweat? Find out the wacky science going on inside all of us! We'll make our own mucus-like green slime, create body spray to keep us smelling good, make an explosion of gas bubbles, mix up noisy putty, and use chemistry to show how to neutralize stomach acids. We like to call it a "cool kind of gross"!

Freaky Physics

Get ready to freak out with physics as you examine forces, see how physics and engineering are related as you compete in a tower building challenge, create a circuit to power a cool motorized "bristle-bot", and explore the marvels of magnetism.

Slime Squad

Welcome to Slime Squad—where the fun never stops! Get ready to squish, stretch, and glow with the coolest, gooiest creations around. Sink your hands into the moldable magic of sand slime, watch your masterpieces light up the dark with luminescent slime, and blow epic bubbles with bouncy soft bubble gum slime (just don't actually chew it!). Whether you're here to experiment, create, or just make a glorious mess, our club is the ultimate slime-lover's paradise.

Hocus Pocus

Amaze and astound your friends with some awesome science magic! Master the art of illusion and discover the scientific secrets behind these tricks. Use your newfound skills to make an egg sink or float on command, make water disappear, and shock your family and friends when you cut a hole in a piece of copy paper big enough to walk through.

Art With A Twist

Join us for an exciting blend of creativity and discovery! In this club, we'll combine the world of art with the wonders of science. From brushes to circuits to nature, you'll explore innovative ways to create art. Build your very own spin art machine, experiment with fizzing paint, craft vibrant masterpieces using natural pigments, and trick your brain with unbelievable optical illusions. Whether you're a budding artist or a future scientist, this club has something for everyone!

Science Mash-Up

Get ready for a thrilling mix of science, creativity, and mind-blowing discoveries! Each week, we'll dive into a new world of fun—stretch and squish buttery soft slime, explore the forces of physics (can we defy gravity?), uncover the weird world of mysterious microbes, and design a mechanical oscilloscope to project mesmerizing light patterns with your voice. Whether you love to create, experiment, or just be amazed, there's something exciting waiting for you every week!

Secret Agent Academy

Dive into the world of espionage, decoding secret messages, testing spy gadgets and revealing invisible messages! You'll master the art of communication using a special code breaker to decode and create messages just like real-life spies. Plus, make a device to spy on your surroundings undetected. Get ready for a thrilling, hands-on adventure in the world of science and secrecy!
